

Dr. Corey Ting-Kai Lien
Co-Founder & Chief Gardener,
DOMI Earth Ltd
Co-Chairman & Co-Founder,
Asia-Pacific B-Corp Association (APBCA)

A serial entrepreneur and investor turned social impact ecosystem builder, following a successful IPO of the medical B2B e-commerce company he had driven to a global top 50 e-business ranking, he bought, built, and sold companies in industries ranging from pharmaceuticals to fashion. As a father of three, Corey realized the need for individuals to take action to protect the environment and combat climate change. Corey started DOMI where he serves as “Chief Gardener.” Seeing the need for a deepening of social business in ASIA, Corey co-founded the Asia-Pacific B Corp Association (APBCA), B Academy ASIA and launched an official B Lab Taiwan. He is an adjunct assistant professor of Public Policy at Feng Chia University, social innovation at Fu Jen University and lectures at National Taiwan University, teaching social innovation in relation to public policy, the UN’s Sustainable Development Goals (SDGs). Corey study Bioscience from the University of Alberta in Canada, Doctor of Chiropractic from Life University, Atlanta, US, Fashion Collection from Domus Academy of Design in Milan, Italy, and an Executive MBA from the University of Chicago Booth School of Business.
